Dear Doug:

Thanks for your note. Sounds like you are extremely busy these days. Work must agree with you.

Enclosed are a set of photographs taken during the Seminar. In the rush of matters, the Certificate of Appreciation we presented you got through with a misspelled word. Please destroy it and replace it with the enclosed Certificate.

I have received the diploma for Bill Casey and am having it properly mounted and framed. Thanks for your part.

As for your request concerning certain Navy materials, we are still working that problem. As I explained, we are playing a little waiting game and hopefully all will work out to your satisfaction. [Redacted] is going to send all of the correspondence pertaining to this which should help. I will keep you posted as this moves along. I have been assured that the other matter is not dead but for some reason is being delayed. Hopefully this will come to pass soon.

The Seminar was a great success thanks mainly to you and the splendid cast of characters assembled. I have edited the proceedings for what I call the executive summary which is about 17-18 minutes. I have shown it to Bill Casey and a few others and all like it very much. We plan on showing it to the President and his staff soon. If you have time on one of your trips to Washington, I'd be happy to show it to you.

Many thanks for your continued support.

Best Regards,
